The 32nd Annual Royal Canin® & OSU Symposium
For the Treatment of Small Animal Disease

The 2008 Royal Canin / OSU Symposium will provide a practical approach for evaluating and managing common oncological and hematological occurrences. Experts from many fields will discuss the latest diagnostic and therapeutic advances in small animal oncology and hematology. Continuing a tradition of over 30 years, Royal Canin and OSU proudly present a 14-member panel of internationally recognized experts from eight different academic institutions. Presentations from these respected veterinarians will span two information-filled days and provide 15 hours of continuing education credit. Interactive question and answer panels will conclude each morning and afternoon. In addition, OSU is offering an interactive cytology workshop that will give individuals who attend a unique opportunity to become more familiar with common cytological preparatory techniques and interpretations. Four of the worlds leading experts in the fields of physiological science, veterinary biosciences and clinical sciences will be on hand to offer attendees the chance to ask questions and learn in an optimal environment.

HOTEL INFORMATION
The conference is being held at the beautiful Hilton Hotel and Conference Center located in the nationally acclaimed Easton Town Center with over 100 shops and restaurants, as well as a multiplex movie theater. This location is seven minutes from the Columbus airport and ten minutes from The Ohio State University and downtown Columbus. Visit www.eastontowncenter.com for details. Blocks of rooms have been reserved at a special conference rate for your convenience. This special rate will be honored through September 13, 2008. Please be sure to mention that you are with the Royal Canin / OSU Symposium when making your reservation to receive the special room rate. The Hilton Columbus at Easton phone number is (614) 414-5000, address is 3900 Chagrin Drive, Columbus, OH 43219.

REGISTRATION INFORMATION
Course fee: $395 (U.S. funds only). Registration includes conference instruction, snacks and refreshments, and a copy of the proceedings. Optional instructional cytology laboratory course fee is $200 (limited to 30 attendees). Course and/or cytology laboratory registration must be received by September 13, 2008. Registration is open to veterinarians only and is available on a first-come, first-served basis and may close prior to September 13, 2008 if the course is filled.
You may cancel your conference registration at any time prior to September 13, 2008, and receive an 80 percent refund of the course fee. There will be no refunds for cancellations received after September 13, 2008 and there are no refunds for no-shows. If the course is cancelled, you will receive a full refund.
