Responsible Antibiotic Use
Using Protocols to Recognize and Treat Sick Cows and Calves

Veterinary Extension, Wayne County Extension and OSU_ATI are pleased to offer a workshop regarding judicious drug use on dairy operations. This hands-on training workshop will provide dairy producers, managers, and personnel with the knowledge and skills to identify and determine when and how to treat cows and calves with antibiotics (including record-keeping and compliance with protocols).

Topics will include:
- Identifying cows with:
  - Metritis
  - Mastitis
- Identifying calves with:
  - Pneumonia
  - Diarrhea

**Thursday:** English-speaking participants.
**Friday:** Spanish-speaking participants.

THURSDAY or FRIDAY
APRIL 21 or 22, 2016
10:00 a.m. to 3:00 p.m. each day

**Location:** OSU-ATI Dairy Facility
2332 Barnard Rd (Wooster for GPS) 44691

**Cost:** $10 / person, registration is required (sponsored by USDA NIFA and SARE). Lunch will be provided.

**Registration:** You may register for either the English or Spanish version.

- **English session:**
  Thursday, April 21st
- **Spanish session:**
  Friday, April 22nd

Please bring with you:
- Example protocol (e.g., mastitis, metritis) — definition of conditions, drugs used to treat them, standard management procedures, and example records

Disposable coveralls and boots will be provided

**Sponsored by:**
- OSU Veterinary Extension
- OSU-ATI
- OSU Wayne County Extension
- USDA NIFA & SARE
