Total	10	Total Score (0 – 10)	

<p><i>Additional comments (if desired):</i></p>

Instructions: Please score each proposal by assigning a value of 0-10 with 10 being the best. Each proposal is divided into three categories and I have provided a suggested point value for each. Please type in your scores in the spreadsheet of applicants found on the shared drive. Once you have completed it, save it and then email it to Michele. Do NOT leave it in the shared folder.

Michele Morscher and I will compile all of the scores and rank the proposals from highest to lowest by point value. We will then assign funding based upon scores and available resources.

Note: Score sheets will be retained by the CVM Office of Research and will not be distributed to applicants or mentors. The score assigned by a particular reviewer will not be disclosed, although we are happy to discuss weaknesses that may result in no funding.

Please send completed spreadsheet to Michele by MONDAY, MARCH 11TH.
Thank you for your assistance.
